

How to become a CCHS volunteer!

1. **Attend an Orientation.**

Orientations are held monthly and you can find more info, including time and location, on the website calendar. During the orientation you will learn about the Humane Society and ways you can help the organization. At the end of orientation you'll sign up for a time to come to the shelter and meet with a staff member.

2. **Attend a tour & training session or send an e-mail to set up an interview.** Tour & training sessions are for volunteers that have completed orientation and are interested in helping with dogs, cats, & small animals. For other areas of volunteering, complete an orientation and then send an e-mail with your availability and a brief explanation of how your skills will help the animals at CCHS.

3. **Volunteer!** Show up for your scheduled shift and make a difference!

Special Events

Special Events Volunteers represent CCHS at most off-site events. These events help to bring awareness to CCHS as an organization which in turn helps our animals find forever homes. These events are also excellent opportunities to educate the public about humane treatment of animals. Due to the unpredictable nature in scheduling events, Special Events Volunteers work on an “as needed” basis.
