Set a Time Limit: Give yourself a few weeks to get your donations in.

Get Personal: The most effective ways to ask are personal. Try emailing or calling people individually, and take time to individualize your message for each person.

Get on Social Media: Post why you are fundraising with your fundraising page multiple times to your social media outlet of choice - people need to see your posts multiple times to get them to donate. (try LinkedIn, nextdoor.com, Facebook, Twitter + Instagram) Ask them to share your post to their page for even greater reach.

Bribe coworkers: Bring goodies into work and ask your coworkers for a donation in exchange for the treat.

Make it a contest: Post on Social Media that anyone who makes a donation in the next week will be entered in a drawing to win one of your signature dishes / paintings / homemade bird houses, etc.

Collect offline: Fill out the back of this form and get knocking! What do you do with Offline Donations? Gather and send their donations to us. For checks, please make them out to CCHS. On their checks, please have them write your name and Mutts Strut in the notes. For cash, with each donation, please note their name, email address, your name, and Illinois Marathon. Our address is 1911 East Main Street, Urbana, IL 61802.

Show them Trust: Let all your potential donors know that CCHS is a Charity Navigator 3 Star rated charity so people can feel confident in their tax deductible contributions

MOST IMPORTANTLY ASK YOURSELF :

Why are you fundraising? Answer that question so you can tell people why you are so passionate to fundraise for the Humane Society. Did you have a good experience with an adopted animal from us? Do you have a heart for animals? Do you want to help bring humane education to thousands in our community? Here are some ways that we help each year that could help you answer that question, if you don't have a personal passion. Keep your passion and your reason center-stage, and you will surely make your goal.

Here's our community impact this past year:

- Found Forever homes for over 1,000 animals!
- Kept the only open-admission shelter in our area open: Open-admission means we take any owner-relinquished companion animal regardless of age, medical condition, or adoptability.
- Almost 3,000 children and adults were educated on humane care & treatment of animals.
- Helped hundreds of low-income pet families in need with vaccines and spay / neuter surgeries.
